

Volume 158, July 1 to Dec. 15, 1983

The first figure is the issue number found on page 3; the second is the page number. Entries followed by words in parentheses indicate that the material appeared in one of the magazine's departments.

Production and propagation

Bud clips	6:78
A checklist for soilless mixes	5:81
Circulated groundwater heating	10:59
Compaction and smearing	10:87
Container plants and pH	9:33
Cutting propagation for shade tree cultivars	4:39
Decker nursery	10:37
Double-layer thermal curtain	10:81
Foam tops poly for overwintering	11:94
A greenhouse in a cold climate	1:108
Growing in-field containers	8:31
Hanging tough in the green zone	1:119
How to reduce energy consumption	10:71
Insulated propagating beds	10:54
Japanese holly is easy to propagate	6:29
Keeping records (Propagation for beginners)	1:262
Movable inflated tube screens	10:77
New product ideas	5:49
Producing evergreen azaleas (Propagation for beginners)	4:84
Proper propagating and pruning	6:76
Rhododendron hardiness development	2:75
Root growth and tree foliage	2:89
Shade and fertilizer affect fiddle-leaf fig	2:35
Sludge and trace metals	6:86
Sumps and plants conserve water	10:46
Under-the-bench heating	10:87
Using cold storage	7:141
Varying bark/peat ratios in container media	8:54
Wood-chip furnace cuts oil bills	10:85

Exterior landscaping

Energy-efficient site planning	10:94
Energy needed for landscape maintenance	10:104
Gibbs Landscaping	9:72
Gravel pit becomes leisure park	10:115
How to design landscapes for businesses and apartments	1:225
How to win a contract	5:57
Information center for conservation	10:99
Peron has designs on landscaping	1:103
Residential landscape design	2:27
Designing paths and walkways	
Walkway should be dramatic, welcoming, impressive	11:103

Interior landscaping

Balance sheets and income statements	11:59
Charts of accounts	12:132
Chemicals for interior use	4:83
Cooperation among professionals	9:91
Cost determinations for interior landscaping	3:45
A greenhouse in a cold climate	1:108
Innovative interior plants	8:38
Interior landscape bidding techniques	1:260
Interior landscape maintenance tips	1:256
IPPA honors six interior landscapes	6:70
Running interior landscape companies effectively	7:131
Shade and fertilizer affect fiddle-leaf fig	2:35
What to look for when buying liability insurance	5:89

Garden centers and retailing

Adaptability	12:144
Holland Gardens Christmas	8:86
Korhage Nursery	7:101
La Semence Supérieure finds a middle ground	1:91
Menneur Nursery's Christmas program	3:112
New markets and life-styles	8:79
Sheridan Gardens Christmas plan	4:77
Special events for the garden center	5:44
Wolfe Nursery Christmas sales	6:51

Management

Balance sheets and income statements	11:59
Charts of accounts	12:132
Computer auction network	6:65
Computer hardware options	7:71
Computer software packages	7:52
Computers aid inventory control	6:94
Discipline is more than punishing offenders	11:79
Effective advertising campaigns	9:37
Employees can help make decisions	8:59
Estate tax law	7:149
Farley nursery auction	7:43
Insurance consultants	12:148
Interviewing techniques for hiring	5:67
Investment managers	9:65
Investment options	7:119
Korhage Nursery	7:101
A modular computer system for nursery control	5:85
Motivating workers	9:105
New markets and life-styles	8:79
Nurseries for sale	7:28
Nursery executives management	7:89
Running interior landscape companies effectively	7:131
Successful nursery management	
Ad copy	6:21
Ads to draw attention	11:111
Irre customers	9:51
Newsletter	4:54
The right banker	7:113
Why use a direct mail firm?	2:19
Targeting a market	9:69
Training workers	7:86
Types of insurance	7:155
Using cold storage	7:141
What an accountant can do for a business	2:79
What to look for when buying liability insurance	5:89
Zelenka's expansion attributed to computer	7:76

Pest, disease and weed control

Chemicals for interior use	4:83
Ladybugs control Japanese scales	3:30
Nettle tree decline in Kansas	5:86
Spray oil insecticides	6:87
Two new herbicides receive approval	4:75

Plants and plant recommendations

Asian natives: <i>Piria japonica</i>	11:51
British Columbian plant introduction program	6:45
Cold-hardy rhododendrons	11:35
Dream tour of England	9:56
Drought-tolerant native plants	10:90
Exciting English gardens	11:86
Ground cover junipers for the Midwest	2:38
How fast do dwarf conifers grow?	9:41
Innovative interior plants	8:38
Keeping up with fashion houseplants	11:75
A nurseryman tours Japan	3:34
Quebec's native plants	5:52

General topics

AAN convention program	1:126
The arboretum of Montreal	1:72
Breeding program at arboretum	4:89
Changing attitudes toward gardens	5:75
Common nomenclature problems	2:61
Conservation — A matter of conscience	10:27
Council promotes competent appraisals	9:109

Special issues

AAN convention report	Sept. 1
Christmas preview	Feb. 1
Conservation	Nov. 15
Container production	Jan. 1
Flower and garden	May 1
Landscape	March 15
Nursery management	Oct. 1
Summer convention	July 1
Winter trade show	Dec. 15

NEW BOOKS

Getting Started with Rhododendrons and Azaleas

By J. Harold Clarke

The book is written in three parts. The first covers origin, uses and special requirements of the species. Hardiness, garden and landscape placement and soil treatment needs are included.

Part two covers the plants' culture, fertilizer requirements, pest control and propagation.

Part three describes azalea groups, gives a history of Rhododendron breeding activity and provides planting lists of varieties for specific purposes.

The book is illustrated with black-and-white photos and contains a reference list and an index.

\$14.95

Growing Cyclamen

by Gay Nightingale

Details of the species and descriptions of cultivated strains are given. Included are propagation information, landscape uses, descriptions of recent cultivars and a disease prevention guide. Line drawings and color photos. A glossary, useful addresses, bibliography and an index are included.
